

@mariaenglishlessons

The weather

- Rain / Rainy → Water falls from the sky. Example: "It is rainy. I need an umbrella."

- Snow / Snowy → Frozen water falls from the sky. Example: "It's snowy. Let's build a snowman."

- Wind / Windy → Air is moving fast. Example: "It's windy. Hold your hat!"

- Cloud / Cloudy → The sky has clouds. Example: "It's cloudy this morning."

Sun / Sunny → The sun is shining. Example: "It is sunny today."

Hot → High temperature. Example: "It's hot in summer."

More Weather Words

Storm / Stormy → Strong wind and rain, sometimes thunder. Example: "There's a storm tonight."

Thunder → The loud sound in a storm. Example: "I'm scared of thunder."

Lightning → The bright flash in a storm. Example: "Lightning can be dangerous."

Fog / Foggy → Low clouds near the ground. Example: "It's foggy. Drive carefully."

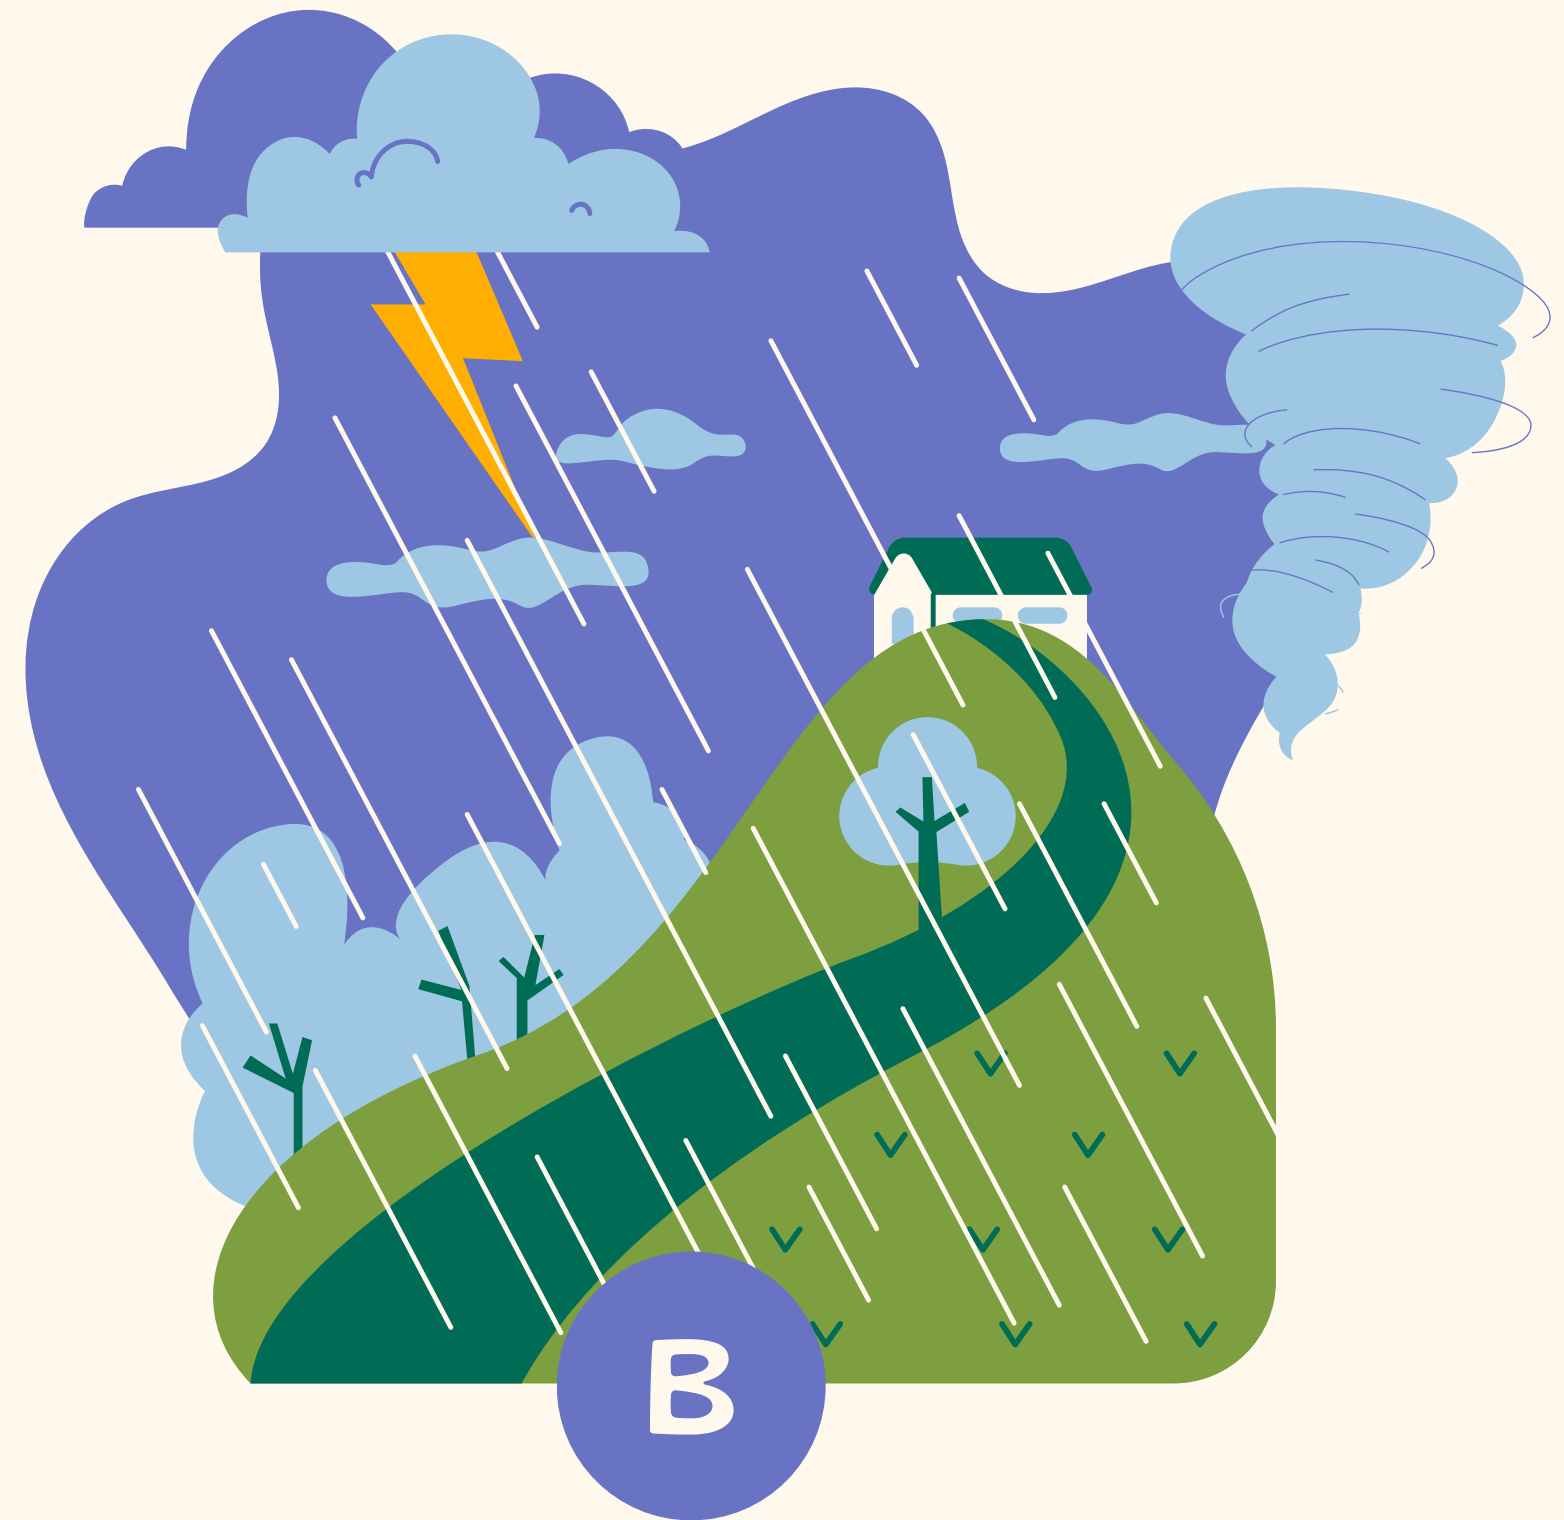

Temperature → How hot or cold it is. Example: "The temperature is 20°C today."

Degrees → Unit for measuring temperature. Example: "It's 25 degrees."

Humid → Air feels wet or sticky. Example: "It's humid today."

Dry → Not wet. Example: "The weather is dry."

How are these two scenes different?

How are these two scenes different?

A

- Shows a rainy scene
- An example of regular rainy weather

B

- Shows a stormy scene
